"We are delighted to close on the lowest spread debt financing in PFLT's 14-year history, which will support the Company's growth and net investment income. The weighted average spread of 159 basis points on \$361 million of financing is a 66-basis point reduction from the bank facility this capital is replacing. We are also thrilled about the continued momentum and positive market recognition that our senior lending strategy has received, which is demonstrative of our industry-leading team as well as the merits of our disciplined and differentiated approach to core middle market credit investing," said Arthur Penn, Chief Executive Officer. "We are proud to have onboarded several new investors into our securitization liabilities as part of this transaction and now have over 75 unique investors across our securitization platform. With their support, we were able to issue our largest securitization to date while also achieving our lowest cost of capital to date. Together, these attributes will continue to enable and further enhance PFLT's ability to offer attractive risk-adjusted returns to its investors. With the closing of its eleventh securitization, PennantPark Investment Advisers, LLC currently manages approximately \$3.7 billion in CLO assets, and we look forward to continued growth with the support of our current and new investors."

PFLT will continue to retain the Class D Notes and the Subordinated Notes. The reinvestment period for the term debt securitization ends no later than April 2029 and the Debt is scheduled to mature in April 2037. The term debt securitization is expected to be approximately 100% funded at close. In addition, the Company acts as retention holder in the transaction to retain exposure to the performance of the securitized assets. GreensLedge Capital Markets LLC acted as lead placement agent on the CLO transaction.

The notes offered as part of the term debt securitization have not been and will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), or any state "blue sky" laws, and may not be offered or sold in the United States absent registration under Section 5 of the Securities Act or an applicable exemption from such registration requirements. The CLO is a form of secured financing incurred and consolidated by the Company. This press release shall not constitute an offer to sell or a solicitation of an offer to buy nor shall there be any sale of the notes in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.
