

PennantPark Floating Rate Capital Ltd. Announces Change To The Operational Process For Non-U.S. Stockholders Through Which It Communicates the Tax Characteristics of its Monthly Distributions

June 26, 2018

NEW YORK, June 26, 2018 (GLOBE NEWSWIRE) -- PennantPark Floating Rate Capital Ltd. (the "Company") (NASDAQ:PFLT) (TASE:PFLT) has announced that, due to a change in the operational procedures of a third party that processes the Company's distributions, the Company is currently making adaptations to the way it communicates the tax characteristics of its monthly distributions to all constituents, in particular its growing non-U.S. stockholder base.

This change will not affect U.S. stockholders.

The Company, which operates as a regulated investment company ("RIC"), generates qualified interest income and short-term capital gains that may be exempt from United States withholding tax when distributed to non-U.S. stockholders. The U.S. tax law permits a RIC to report the portion of distributions paid that represents interest-related dividends as exempt from U.S. withholding tax when paid to non-U.S. stockholders with proper documentation.
