The reinvestment period for the term debt securitization ends on October 15, 2023 and the Secured Notes are scheduled to mature on October 15, 2031. The proceeds from the Secured Notes will be used to repay a portion of the Company's \$520 million secured credit facility. In addition, the Company acts as retention holder in connection with the CLO Transaction for the purposes of satisfying certain U.S. and European Union regulations requiring sponsors of securitization transactions to retain exposure to the performance of the securitized assets and as such has agreed to retain all of the Preferred Shares. GreensLedge Capital Markets LLC acted as lead placement agent on the CLO Transaction.

"I am extremely pleased with the pricing and structure of PennantPark's inaugural collateralized loan obligation, which speaks volumes about our track record and the strength of our investment platform," said Art Penn, Chief Executive Officer. "The maturity, reinvestment period and pricing of this financing are attractive and well matched to our asset base. This CLO also creates even more funding diversity and assists us with achieving leverage targets over time."

The Secured Notes are the secured obligation of the Issuers, and the Indenture and the Credit Agreement include customary covenants and events of default. The Secured Notes and the Preferred Shares offered as part of the term debt securitization have not been and will not be registered under the Securities Act of 1933, as amended, or the Securities Act, or any state "blue sky" laws, and may not be offered or sold in the United States absent registration under Section 5 of the Securities Act or an applicable exemption from such registration requirements. Collateralized loan obligations are a form of secured financing incurred by the Company, which are consolidated by the Company and subject to the Company's overall asset coverage requirements.

This press release shall not constitute an offer to sell or a solicitation of an offer to buy nor shall there be any sale of the notes in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.
