**RESULTS OF OPERATIONS**

Set forth below are the results of operations for the three and nine months ended June 30, 2018 and 2017.

**Investment Income**

Investment income for the three and nine months ended June 30, 2018 was $19.5 million and $50.9 million, respectively, and was attributable to $19.2 million and $46.0 million from first lien secured debt and $0.3 million and $4.9 million from second lien secured debt, subordinated debt and preferred and common equity, respectively. This compares to investment income for the three and nine months ended June 30, 2017, which was $15.2 million and $41.0 million, respectively, and was attributable to $13.9 million and $37.1 million from first lien senior debt and $1.3 million and $3.9 million from second lien secured debt and subordinated debt, respectively. The increase in investment income compared to the same periods in the prior year was primarily due to the growth of our portfolio.

Base management fee for the same periods totaled $2.2 million and $5.9 million, incentive fee totaled $0.3 million (including $(1.0) million on unrealized gains accrued but not payable) and $0.9 million (including $(0.1) million on realized gains and $(0.6) million on unrealized gains accrued but not payable), debt related interest and expenses totaled $3.9 million and $20.8 million (including $10.9 million in amendment costs on our Credit Facility and debt issuance costs on the 3.83% Series A notes due 2023, or the 2023 Notes), general and administrative expenses totaled $1.1 million and $3.4 million and provision for taxes totaled $0.2 million and $0.6 million, respectively. This compares to expenses for the three and nine months ended June 30, 2017, which totaled $7.0 million and $18.0 million, respectively. Base management fee for the same periods totaled $1.8 million and $5.1 million, incentive fee totaled $1.4 million (including $0.2 million on realized gains and $0.4 million on unrealized gains accrued but not payable) and $3.4 million (including $0.2 million on realized gains and $0.9 million on unrealized gains accrued but not payable), Credit Facility expenses totaled $2.5 million and $6.3 million, general and administrative expenses totaled $1.2 million and $3.0 million and provision for taxes totaled $0.1 million and $0.2 million, respectively. The increase in expenses compared to the same periods in the prior year was primarily due to the expenses incurred in connection with the Credit Facility amendment and debt issuance costs on the 2023 Notes in the current period, which were partially offset by a reduction in incentive fees.

**Net Investment Income**

Net investment income totaled $11.8 million and $19.3 million, or $0.31 and $0.51 per share, for the three and nine months ended June 30, 2018, respectively. Core net investment income, a non-GAAP financial measure that excludes capital gain incentive fee accruals not payable, Credit Facility amendment costs and debt issuance costs on the 2023 Notes, totaled $10.8 million and $29.5 million, or $0.28 and $0.77 per share, for the three and nine months ended June 30, 2018, respectively. Net investment income totaled $8.2 million and $23.0 million, or $0.25 and $0.78 per share, for the three and nine months ended June 30, 2017, respectively. The change in realized gains/losses was primarily due to changes in the market conditions of our investments and the values at which they were realized.

**Unrealized Appreciation or Depreciation on Investments, the Credit Facility and the 2023 Notes**

For the three and nine months ended June 30, 2018, we reported net change in unrealized depreciation on investments of $3.2 million and $0.2 million, respectively. The net change in unrealized appreciation/depreciation on our investments compared to the same periods in the prior year was primarily due to changes in the capital market conditions, the financial performance of certain portfolio companies and the reversal of unrealized appreciation/depreciation on investments that were realized.

For the three and nine months ended June 30, 2018, our Credit Facility and the 2023 Notes had a net change in unrealized (appreciation) depreciation of $(1.9) million and $6.5 million, respectively. Net change in net assets resulting from operations totaled $5.0 million and $22.5 million, or $0.13 and $0.59 per share, respectively, for the three and nine months ended June 30, 2018. This compares to a net change in net assets resulting from operations of $9.3 million and $25.5 million, or $0.29 and $0.86 per share, respectively, for the three and nine months ended June 30, 2017. The decrease in the net change in net assets from operations for the three months ended June 30, 2018 compared to the same period in the prior year was primarily due to changes in portfolio investment valuations during the reporting period. The decrease in net assets from operations for the nine months ended June 30, 2018 compared to the same period in the prior year was primarily due to the expenses incurred in connection with the Credit Facility amendment and debt issuance costs on the 2023 Notes in the current period.
